

Environmental Policy Statement

Spycon Security Ltd

Spycon Security Ltd is committed to protecting the environment, safeguarding the health and safety of our employees, and acting as a responsible member of the communities in which we operate.

We strive for **continuous improvement** in all areas of our operations to reduce our environmental impact, conserve resources, and promote sustainability. This commitment applies to all aspects of our business, from our office operations to on-site service delivery.

Our Commitments

We will:

- **Protect the Environment:** Conduct our operations with respect and consideration for the local and global environment.
- **Reduce Impact:** Minimise waste, vehicle emissions, and energy consumption wherever possible.
- **Conserve Resources:** Use energy, water, and other natural resources efficiently, adopting innovative practices to minimise consumption.
- **Prevent Pollution:** Implement measures to avoid environmental pollution and reduce our reliance on toxic materials.
- **Support Recycling:** Promote waste reduction, reuse, and recycling initiatives across our business.
- **Comply with Regulations:** Meet or exceed all applicable environmental, health, and safety laws, regulations, and industry best practices.
- **Sustainable Procurement:** Purchase products with higher recycled content, lower toxicity, minimal packaging, and reduced natural resource usage.
- **Employee Engagement:** Provide our staff with the training, resources, and tools necessary to meet our environmental objectives and actively participate in sustainability initiatives.
- **Supplier Collaboration:** Communicate our environmental goals to suppliers and encourage sustainable practices within our supply chain.
- **Ongoing Review:** Conduct regular environmental reviews to identify areas for improvement and track progress against our objectives.

Our Goal

To continually improve our environmental performance while delivering high-quality security services, protecting the communities we serve, and caring for the planet we share.
